**Vicki M** posted:

Chippy was the kind of person that if you're lucky, you get to meet in your lifetime. Once meeting him you can from that point on know for sure you have a friend for life. I had the pleasure of working with him side by side many years ago in Memories and from that point on we were forever friends. He might be gone from our physical sight but his light goes on forever in everyone he touched. He was like an angel always caring and helping his friends and family and now he continues his angelic duties from another dimension. A spirit like his will always be with us. His presence will surely be missed. Rest in peace my dear friend and show us a sign now and then so we know you're here. Vicki M.
