John gold was like my second dad. He made sure I had breakfast every morning before school then after school he would make sure jojo and I had some food for after the long 8 hour day at school. He took me in when I had no where to go I had left my parents cause I just was so tired of being controlled. He is such an amazing father to all his children biological or not it is so heart breaking to know i can never here his Scottish accent until I meet him in heaven one day. I remember one time he handed me breakfast and I was late for school had a presentation that day and I tripped in a hole and was wearing high heels he laughed so hard I would do anything to hear that laugh again. I love you and miss you so much papa and I will take a shot of scotch for you. Don't party to hard up in heaven ok.

Memories- there's too many to pick one certain one. Stories as well. The only thing that comes to mind when I think of my dad is how proud he was. Not only of his kids but himself. I'll always remember all the stories he'd tell me about when he was in the Marines. Or the Crazy fire Fighter stories too. My dad was one honorable man. He served and protected this country and for that alone I'll forever be proud- I love you Dad. I'll miss you Forever and I swear your memory will Live on through your kids- each and every one of us. Rest In Peace Dad ❤️
