When times were better and I was making great \$\$\$, I LOVED taking her on vacation, just to spoil her

When we were both in the same hospital, but different floors, I snuck from my floor to hers and scratched her head, until she fell asleep!

When we met, she was the Supervisor of Quality Control at a sales company I worked at. She would walk by with write-ups every day and look at me day! One day as she was walking by, I stood up quickly and yelled "MARRY ME!" and quickly sat back down. She went to a mutual friend of ours and asked who said that. When our mutual friend Nisreen told her "Matt Dewberry", Michelle said "Ohhhhh nooooo", the guy we're trying to get rid of!!!!???
