My deepest sympathies to the family. Bob was a pleasure to work with and a great guy I had many of good conversations and laughs with him while he was at HCA Inpatient Rehab. I felt like a member of your family in a very short time. May he rest in peace ❤️

Mary, Patty and Family, we wanted to share that we so enjoyed when you visited the cottages. You brought joy and such a friendly spirit to all the guests staying with you when you were here. We would often hear that you had spent time with them. Michael always liked helping Bob with the TV when he couldn't get the "smart" TV to work and he always gave us a good laugh. I remember when he once found the but of a joint (roach) in a draw from a previous guest and he handed it to me saying very straight faced something like "I found something someone left behind" and then the following year he made a joke about looking for "things" people may have left behind. He was so friendly and kind and clearly liked his Red Sox. He also liked his Jaguars and shared happy memories of the one he owned (I think it was YOUR car though Mary), he enjoyed telling me how to keep it polished. We will miss your yearly visits Bob, rest in peace our dear friend! Hope to see you in another life, Pat and Mike Donahue

Thanks Pat and Mike we loved the close relationship the guests had with each other. Watching the kids grow up and the parents giving them the same experiences we did with our at the Lake You and Mike were the couple we liked to see and catch up on the latest news.

Dad means so much to so many people, My Dad was my mentor, idol and I could never have asked for a better dad. My dad's goal in life was to provide a good life for his family and he did that and more. I have never been more proud to have him as a Dad. May he rest in peace knowing myself, Mom and Mike will carry out every wish he expressed to us. I love you Dad, RIP your daughter Patricia Ann
