Your mom is a part of many of my childhood memories. Our times growing up in Golden Acres - when you & Howie had your horses Dolly & Patches, Howie had his skunk, all the times we came over to visit with my parents. Then going out to visit at the property on Kitten Trail when your grandparents also lived on the same property. I still do not remember if it was your mom or dad who got me the baby chicken at an auction we all went to when I was little. Every time I go past their old properties memories come flooding back of time spent in her presence & will continue to be there. She will never be forgotten & always loved.
